

Blockwork Effect

Grid Effect

Specifiers enjoy greater freedom to choose, stylize and create. Duturo is the affordable finish with style and strength.

A range of effects, designs and themes are achieved by masking, overlaying and combining different colours and textures. These simple techniques enhance the texture even further.

#### Technical Specifications

Duturo can be applied to any backing that is firm and true and will not crack. However, the two preferred substrates are taped and jointed plasterboard and freshly plastered walls that are fully dry.

#### SUITABLE SUBSTRATES

- Taped and jointed plasterboard
- Gypsum plaster
- Glass reinforced gypsum (GRG)
- Cement render
- Blueclad cement particle board
- Previously painted surfaces (paint must be well adhered)
- Metal surfaces treated with a suitable metal primer
- MDF as a single panel

#### UNSUITABLE SUBSTRATES

- Wallpaper
- Lining paper
- Vinyl wall covering
- Particle board
- Glazed ceramic tiles
- Polyester lacquered surfaces

Allow 7 days curing time for maximum performance. We recommend that Duturo is applied by trained applicators.

Other available documents are: Product Data Sheet, Material Safety Data Sheet, Product Specification, Substrates Preparation.

#### CLEANING & MAINTENANCE

Duturo can be easily washed and scrubbed without affecting the surface. For areas where the likelihood of scuffing and marking is high, a clear seal coat can be applied to the surface for added protection (additional cost applies).

#### TEST RESULTS

##### FIRE RATING

Duturo is fully fire rated (Class O) when tested over drywall construction to BS476 part 6 & 7.

US Fire Testing conducted in accordance with ASTM E84

##### SCRUB RESISTANCE

Wet scrubs	4600 cycles
Dry scrubs	>8000 cycles

##### STAIN RESISTANCE

Water	No visible stain
Blood	No visible stain
Coffee	No visible stain
Tomato Sauce	No visible stain
Olive Oil	No visible stain
Butter	No visible stain

Duturo is a marble and acrylic based textured coating, offering a wide range of colours and finish textures. Due to its hardness and easy-to-clean properties this seamless, roller applied finish is particularly suited for high-volume, high-traffic areas.

The key advantages of Duturo are:

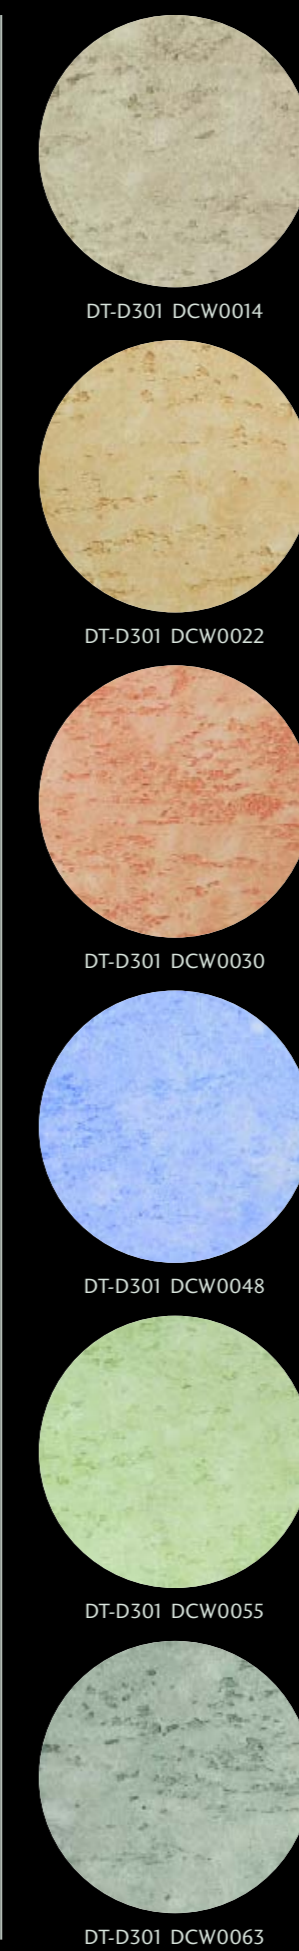

- Hard, durable and impact resistant
- Completely seamless (unlike wallpaper or vinyl wall coverings)
- Can achieve a significantly smoother surface than comparative textured coatings
- No flaking or peeling
- Can be washed and scrubbed without affecting the surface
- Flexible and resistant to cracking
- Low maintenance costs
- Wide range of colour (36 standard colours)
- Custom/bespoke colours (subject to 200m<sup>2</sup> minimum order)
- Duturo Colourwash available for 2-tone effect
- Acrylic sealer available for improved stain resistance
- Smooth silky "soft touch" feel
- Competitively priced
- Low VOC contents
- Silica free
