

SPECIFICATION SHEET

POLISHED PLASTER SELECTOR RANGE - SPATULATA

A classically luxurious marble stucco plaster finish.

Spatulata is a superfine, high gloss finish with a non-directional pattern. Made from aged lime putty and crushed marble, the remarkable depth and sheen of the finish is achieved through the craftsmanship of the applicator. Spatulata is applied in numerous fine layers and trowel polished to a glassy surface, highlighting the inherent movement created by the traditional application technique.
