

SPECIFICATION SHEET

## POLISHED PLASTER SIGNATURE RANGE - VOLSINI

Volsini is a striking superfine marble stucco plaster finish with fine a horizontal pattern and contrasting bold vertical stripes.

The finish is all about the way light dances off the surface. The base layer is carefully brushed out to give the appearance of a striated silk and onto this a bolder, ribbed texture is superimposed in vertical stripes of varying widths. The surface is finished with a pearlescent mica which really brings the textures to life.
