

ARMOURCOAT®

SUSTAINABLE LUXURY FINISHES

SPECIFICATION SHEET

SCULPTURAL PLASTER - AESIS

A calm three dimensional wall finish with gentle movement.

Aesis uses organic scalloped surfaces and free flowing plateaus to capture the calming movement often found in nature. A gentle design, Aesis brings a relaxed energy to interior spaces. The recommended finish for Aesis is Spatulata, a highly polished, superfine marble stucco polished plaster with amazing lustre.

Armourcoat Sculptural designs are handmade and seamlessly installed by skilled applicators before being decorated in the surface finish of your choice. Suitable for projects of all types, including swimming pools, sculptural designs are extremely durable and VOC free.
