

ARMOURCOAT®

SUSTAINABLE LUXURY FINISHES

SPECIFICATION SHEET

SCULPTURAL PLASTER - BARCODE

A crisp, three dimensional wall finish with a purity of design.

Barcode is a clean, linear design with a strong graphic aesthetic. The crisp embossed ribs create strong shadows that gives the design an enhanced feeling of depth. The recommended finish for Barcode is Perlata, a pearlescent decorative paint with a subtle shimmer and high durability.

Armourcoat Sculptural designs are handmade and seamlessly installed by skilled applicators before being decorated in the surface finish of your choice. Suitable for projects of all types, including swimming pools, sculptural designs are extremely durable and VOC free.
