

ARMOURCOAT®

SUSTAINABLE LUXURY FINISHES

SPECIFICATION SHEET

POLISHED PLASTER SELECTOR RANGE - SMG

An opulent marble stucco plaster with amazing light reflection.

SMG is a highly luxurious plaster finish, offering a seamless high gloss 'lacquer' effect with virtually no surface movement. The finish works best in black, white or red to accentuate curved or angled surfaces. When using mid-tone colours the finish gains some surface movement, giving the appearance of a very lightly patterned Spatulata. SMG is equally suited to walls and ceilings where it's high reflectivity adds another dimension to interior spaces.
