Advice Sheet 10 Waxes and Sealers

Aquawax - Product Data Sheet PDS009

Description	Main Uses	Main Benefits
Anionically stabilised, aqueous dispersion of various waxes and additives.	Usually applied to textured polished plaster finishes and in areas exposed to moisture. Can be applied over Armoursil Impregnator, to increase the protection and surface sheen.	Improves water resistance. Improves stain resistance. Enhances the decorative and physical properties of textured polished plaster finishes. Low VOC emissions.

Armoursil Impregnator - Product Data Sheet PDS010

Description	Main Uses	Main Benefits
Solvent-free siloxane based water repellent impregnator for lime and cement based coatings.	Usually applied to polished plaster surfaces in areas exposed to moisture. Can be applied prior to Aquawax application.	Creates almost invisible protection. Reduces capillary water absorption. Inhibits the growth of mould and algae. Resistant to alkali. Improves protection against freeze-thaw and efflorescence.

White Wax - Product Data Sheet PDS012

Description	Main Uses	Main Benefits
Solid wax blend containing beeswax and carnauba wax.	Usually applied to smooth surfaced polished plaster finishes. Suitable for coating porous surfaces where it will offer improved stain resistant properties.	Economically priced. Improves stain resistance. Produces a high level of polish.

Polished Plaster Colourwash - Product Data Sheet PDS015

Description	Main Uses	Main Benefits
Water-based modified vegetable oil coating, containing a refined vegetable oil that is derived from a renewable and sustainable resource.	Applied over polished plaster to enhance the decorative properties of the finish. Is for internal use only.	Enhances the tonal variation, depth of colour and appearance of the finish. Quick and easy to apply. Offers some limited protection.

Clearseal Gloss - Product Data Sheet PDS020

Description	Main Uses	Main Benefits
Transparent, water-based polyurethane / acrylic coating.	Applied over Perlata where additional protection is required.	Improves stain resistance, abrasion resistance and cleanability. Quick and easy to apply. Increases the gloss level of the finish.

Sealer 56 - Product Data Sheet PDS024

Description	Main Uses	Main Benefits
Impregnating fluoroacrylic wax that offers protection from water and oil penetration, as well as all types of domestic staining.	Usually applied to textured polished plaster and some textured Armourcast finishes.	Excellent stain resistance. Enhances the decorative and physical properties of textured polished plaster finishes – produces a surface that is more synthetic and glossy in appearance, which may not be desirable in all situations. Low VOC emissions. Can be used externally.

Ecowax - Product Data Sheet PDS025

Description	Main Uses	Main Benefits
Water-based wax emulsion.	Usually applied to smooth surfaced polished plaster finishes. Suitable for coating porous surfaces where it will offer improved stain resistant properties.	More environmentally friendly and less odour than White Wax. Easier and faster to apply than White Wax. Improves stain resistance. Produces a high level of polish.

EcoPearl - Product Data Sheet PDS031

Description	Main Uses	Main Benefits
Water-based wax emulsion with coloured pearlescent addition.	Applied over all polished plaster finishes to give both protection and a pearlescent or metallic looking surface.	Water based product with low VOC emissions and low odour. Huge range of colours are achievable by mixing and blending the various base colours together. Enhances both the decorative and physical properties of Armourcoat Plaster finishes. Quick and easy to apply.

Clearseal Glitter - Product Data Sheet PDS034

Description	Main Uses	Main Benefits
Transparent, water based polyurethane / acrylic coating containing glitter particles.	Applied over Perlata or polished plasters where extra sparkle or shimmer is required. Can be further overcoat with Clearseal Gloss for even more protection.	Improves the physical and decorative properties of Armourcoat wall coatings. Quick and easy to apply.
